

START FOR THE CHRISTENING

PARTY TO ATTEND LAUNCHING OF THE WISCONSIN.

Will Go Overland to San Francisco by a Special Train Appropriately Decorated for the Occasion—They Have Arranged for an Extensive Tour of the West.

Milwaukee, Wis., Nov. 19.—The official party which will accompany Miss Elizabeth Stephenson to San Francisco to christen the battleship Wisconsin, will leave here over the Chicago, Milwaukee and St. Paul road this afternoon.

Members of the governor's staff who will accompany the lieutenant governor are: Colonels W. J. Boyle, of Milwaukee, Seymour W. Hollister, of Oshkosh, Arthur C. Keyes, of Oshkosh, I. Watson Stephenson, of Marinette, and William M. Farr, of Kenosha.

The party will go on a special train which has been made up for the trip and consists of the cars exhibited by the Pullman company at the Omaha exhibition. This train will take the Stephenson party on at Marinette at 7 o'clock this morning and will arrive here shortly after noon. The official start will be made from here, as Lieutenant Governor Baensch and his party and the battleship commission, consisting of Julius Bleyer, Senator Stebbins, and Dr. Reynolds, will join the party here. On the arrival of the train all of the state rooms will be banked with flowers. All of the cars will be decorated with white silk flags hung from the chandeliers and wall brackets. The flags are about two feet long and on each staff is attached a silk ribbon bearing the legend "Battleship Wisconsin Launching, Nov. 26, 1898." Similar flags to these will be given to each member of the party, and will be waved with all the vigor of Wisconsin enthusiasm as the grand ship glides from the ways into the waters of the Pacific, and will be retained thereafter as souvenirs of the trip. The party will go out over the northern route, making short stops at St. Paul and Tacoma, and will arrive in San Francisco next Friday. The christening will be a week from today. The party will return to Wisconsin over the southern route, making stops at Los Angeles and Denver. It will arrive in Chicago Dec. 4. Besides the official train there will be a special train for tourists, which will carry a large party.

DOESN'T FAVOR PRESENT JAIL

Chief Hogan Says Lockup Should Be in Heart of City.

Chief of Police Hogan, in speaking of the lockup that the city will soon have to purchase, says that the present jail building would not answer the purpose. Its main objection is its distance from the business section of the city. A lockup composed of only a few cells is what is needed, and this should be located so that it could be reached in the space of a few minutes' time.

Many of the members of the board of supervisors favor selling the present county jail to the city, and then build the new county jail in the rear of the court house. Several of the supervisors favor building the new jail on the Park street jail property.

Dr. Bushong was catcher for the team, and Johnny Ward, now of New York, occupied the pitcher's box. Numerous local friends, extend to the bereaved parents deep sympathy in their hour of sorrow.

Clem Ellison Expects to Go East After More Trophies.

Clem Ellison, who for several years resided in Janesville, and who is now amateur champion billiard player of Illinois, and one of the best in the country, is a doubtful starter for the championship honors to be battled for in New York in February. Ellison was in Chicago yesterday for a short stay and talked of his plans.

"If I can get in the same condition I was about eight weeks ago and can arrange my business satisfactorily I may go east," he said. "But at that time I was able to stay in Chicago for a considerable stretch of time. Now I am here but little and of course can get in no shape. Then, too, my health has not been good, and that is a great bar to good billiards. I certainly hope I can make arrangements to take part."

WILL PAY FOR THE PHILIPPINES

REASONABLE COMPENSATION WILL BE GIVEN SPAIN.

Only the Debt Incurred for Internal Improvements Will Be Paid—Porto Rico in a State of Anarchy—Gen. Brooke Has Been Ordered to Report.

London, Nov. 19.—[Special]—Another factor in the Spanish-American dispute has arisen in the disaffection appearing in the rank and file of the army, both at home and in the colonies. The men have not been paid for many months, and the officers are disgruntled over what they consider the blunders made in the conduct of the war with the United States. It is doubtful if the government could depend upon the loyalty of its troops in case of a renewal of the conflict, and a knowledge of this fact will compel the ministry to accept the dictum of the American commissioners as to the fate of the Philippines. Madrid recognizes the hazard of continued resistance, and it is believed that ere many days an agreement will be reached at Paris upon the terms dictated from Washington.

THE FINAL NEGOTIATIONS.

Matters Are Well Along on the Road to Agreement.

Washington, Nov. 19.—[Special]—The postponement of today's meeting of the peace commissioners is explained at the state department as necessary to enable the American representatives to formulate the precise heads of the treaty of peace which will mark the final stage of the proceedings. Many minor details will be left for subsequent agreement, but it is confidently declared the next session will result in the enunciation of the exact terms regarding the payment which Spain will receive for the relinquishment of sovereignty over the whole Philippine archipelago, as well as a mutual declaration regarding the transfer of Porto Rico, Cuba, and the Ladrones Islands. The remaining sessions are expected to be devoid of interest, as there is nothing of importance left open to controversy, although the closing formalities cannot be reached for at least another month. In the meantime it is believed Spain will ask the United States to receive the surrender of the garrison at Iloilo, and thereby acquire possession of the last Spanish post in the islands and place all Spaniards under American protection until arrangements are made to repatriate them.

PAV FOR THE PHILIPPINES

A Lump Sum Will Be Given Spain For a Surrender of Sovereignty.

Washington, Nov. 19.—[Special]—It is understood here that the president and his cabinet have finally determined on the sum which shall be paid for the Philippines, and an instruction setting forth the amount has been sent to the American commissioners. The authorities decline to state the amount of the sum in advance of its presentation to the Spaniards. It is not expected that a satisfactory statement of the civil debt contracted for the Philippines can be obtained from the Spaniards, but the president has received trustworthy reports showing the cost of the improvements made, and upon this basis he and his cabinet have determined upon the amount which shall be offered. It can be stated authoritatively that it will not be a very large sum, when all things are considered, and that under the proposition to be made the United States will not agree to assume any portion of the debt. Spain will be paid a lump sum, and that will end the matter so far as the United States is concerned.

CONFLICTING REPORTS.

One Says Iloilo Has Been Captured; the Other Denies It.

ILLEGAL HUNTERS SENT TO BASTILE

GAME WARDEN JOHNSON HAS TWO ARRESTED.

Charles Parsons and H. E. Hanson Plead Guilty to the Charge of Using Sneak Boats on Lake Koshkonong—Prefer Jail to Paying Their Fines.

Charles Pierson and H. E. Hanson, of the town of Milton, were arrested yesterday by State Game Warden Johnson charged with using sneak boats on Lake Koshkonong while in pursuit of wild fowl.

While in the municipal court this morning the prisoners pleaded guilty, and were fined \$10 and costs each, or a total of \$11.46, or to be confined in the Rock county jail till such fine is paid, not to exceed twenty days. They went to jail.

Parsons and Hanson are both young men, and for the past three years have been living in a cozy little shanty on the shores of Lake Koshkonong, making their living by hunting and fishing.

When arraigned in court this morning both were attired in their hunting clothes, and both lost no time in pleading guilty when the charge was read to them. State Game Warden Johnson was present, and when questioned stated that both the defendants were arrested for using sneak boats, and that before the end of many more days he would have six more hunters arrested on the same charge. Three of these hunters are said to reside in Port Atkinson.

In speaking of the illegal work that has been going on at the lake this fall, Warden Johnson says that he intends to put a stop to it if he has to arrest the hunters by the hundred. So far this fall he has brought eleven before the courts, and all have been found guilty.

Illegal fishing that for many years past is alleged to have been carried on at the lake by drop lines through the ice will be a thing of the past from now on. Warden Johnson says that the law allows a single fisherman no more than five drop lines, but that for several winters past some fishermen were not satisfied unless they had no less than seventy-five lines through the ice at one time.

NARROWS DOWN TO TWO CANDIDATES

GOV. SCOFIELD ON SUPREME COURT VACANCY.

Does Not Know When He Will Announce His Selection—A General Belief That the Claims of Only Gilson and Dodge Are Being Considered.

Gov. Schofield arrived in Milwaukee yesterday afternoon and left this morning for his home in Oconto.

"I don't know when I shall announce the appointment for a judge for the supreme court to fill the vacancy," said Gov. Schofield to a Sentinel reporter. "I never had a subject that has given me so much trouble as this appointment. It is a democratic appointment, and I feel that I ought to take into consideration the recognized leaders of that party. I find them pulling apart. If it was a republican appointment it would not be nearly so troublesome."

"It is hard for me to get away from Milwaukee. There are two candidates here and what can I do? I may make the appointment tomorrow, or I may hold it over until Monday. Just think of it! I had to appoint two judges of the supreme court, a duty that seldom falls to the lot of a governor. I tell you I have walked the floor all night over this appointment. My only interest in the matter is to appoint the proper person."

During the afternoon and evening a large number of lawyers, including Hugh Ryan, called on the governor to urge the appointment of W. H. Timlin.

There is no change in the situation so far as any word that has come from Gov. Schofield is concerned. The contest is certainly now between Judge Gilson, of Fond du Lac, and J. E. Dodge, of Milwaukee. All that can be said is that it is known that at the outset Gov. Schofield was strongly inclined to appoint Judge Gilson, and that the longer he delays the appointment the more Mr. Dodge's friends feel encouraged. It is said that the movement for Burr W. Jones, of Madison, has not changed the situation, and those who are best informed as to the probable outcome feel certain that either Judge Gilson or Mr. Dodge will be named and that the appointment will not be delayed beyond Monday.

Eight deer have found their way into town, and more will soon be on the way.

IN A FEW WORDS.

Sufferers from Piles May Learn of a Harmless, Lasting Cure.

There are plenty of pile cures which give relief and sometimes cure a mild case of piles, but there is only one which can be depended upon with certainty to cure obstinate, long standing cases, and that is the Pyramid Pile Cure. Endorsements and testimonials are received daily from men and women whose integrity and reliability are above question, and in this connection a letter received from the Rev. Jas. H. Westbrook, of Bowrie, Mich., may be of interest to pile sufferers who have sought in vain for a cure. He says:

"I have used the Pyramid Pile Cure and I know that it is all that is claimed for it. I had been troubled with piles more or less for about eighteen years and I had tried other remedies, but the piles grew worse until about ten months ago I used the Pyramid Pile Cure. It gave almost instant relief and I have been free from piles ever since.—Rev. Jas. H. Westbrook."

Mr. Frank Smith, the well known and popular druggist of Ypsilanti, Mich., in speaking of the Pyramid Pile Cure says: "A year ago I sold C. C. Potter, 119 Hamilton St., Ypsilanti, Mich., a box of the Pyramid Pile Cure. He made the following statement to me today: 'I have been troubled for twenty years with itching piles. Have tried nearly everything that promised relief, but got very little help until one year ago I called on my druggist, Frank Smith, and got a box of the Pyramid Pile Cure. The one box used according to directions was, in my case, a perfect cure, as a year spent without any symptoms of the trouble has convinced me.'"

Although a comparatively new remedy its popularity is such, that all druggists now sell it; if your druggist hasn't it in stock, he will get it for you if you ask him at 50 cents and \$1.00 a package. A pamphlet describing the cause and cure of piles sent free by addressing the Pyramid Drug Co., Marshall, Mich.

FRENCH COSTUME OF VENETIAN CLOTH FROM HARPER'S BAZAR

Red, which in every tone is a marked feature of Paris gowns, not only as a prominent accessory in combination and decoration, but for entire costumes, as well, appears in the dark rich shade of the circular tunic overdraped to a French costume of Venetian cloth.

Its trimmings are bias bands of black velvet outlining the Vandyke points in front and then passing plainly around the back, which extends nearly to the hem of the black underskirt.

A full circular flounce of velvet added to a seven-gored foundation of silk or satin simulates under the points an entire skirt of the velvet, the width of the flounce at the foot being four yards and three-quarters. A slight fullness, arranged in pleats under the fastening of the back, produces a graceful sweep below.

The corsage is made with one of the little fancy jackets which have retained

all of their former popularity.

Planted back and front and bordered with bands of black velvet, it opens over a full vest of white velvet patterned with black polka dots. The pleats of the back fall over a deep corselet of the black velvet, which is draped to a low point in front. The collar is a high band finished with a shaped ruffle, whose lining is velvet, and a fan-pleated bow of velvet forms the cravat. Small circular puffs surmount the close sleeves at the top, while at the wrists they have the fashionable flare. The proper cut of this gown can be obtained only from the use of Harper's Bazar cut paper pattern. Bunches of violets intermingled with marguerites decorate the hat of crenulated gray velvet.

Quantity of material—cloth, 54 inches wide, 4 yards; silk, for upper part of foundation skirt, 6 yards; black velvet 8 yards, white velvet 1/2 yard.

GROCERY CLERKS REAL MAD

Coming Parties Another Affair Like the Butchers Fought Out.

Many of the grocery clerks of Janesville do not speak as they pass by these days. The trouble all originated over the masquerade balls that are on the schedule for this month. One set of clerks decided on Monday, November 28, for their dance, while the others have chosen the following evening. Both sides are now striving to see which will come out ahead. One side has placed the price at 25 cents, while the other now threatens to reduce the rate to 15 cents.

Both parties will be given in the armory and Smith's full orchestra will play.

It is another case of the butcher's fight.

FACTS ARE STUBBORN

Janesville People Are Not Convinced By Local Testimony They Differ From Other People.

Our readers must have noticed in the past two years how "cures have multiplied in the newspapers like mushrooms in a meadow, and following the plethora of "cures" the general public have turned remarkably skeptical. Facts are demanded, but it has also become essential to know who supplies them, where are they from, in line, whom have you cured. Doubting Thomas would not accept a par incredible cures on the other side of the continent. He wants it at home. "Give us some neighbor, then I will believe," is what he asks for. Well Doan's Kidney Pills do this. Call it what you like, at home, local or neighbors testimony, you can always ascertain the truth of it without leaving Janesville.

Here is a case: Mr. John Stetson, of Hotel Myers, day clerk, says: "I was thoroughly examined by a physician some time ago who pronounced my trouble kidney complaint. If the severe pain across the small of the back is any indication of the said complaint, I guess I had it. For two years I suffered with attacks which when not violent there existed a dull, grinding ache, which robbed me of considerable energy. I used in addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Doan's Kidney Pills at the Janesville Drug Co.'s drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Doan's Kidney Pills and it cured me up to date, and it is some months since I have not noticed any recurrence of my old trouble."

Doan's Kidney Pills are sold by all dealers. Price, 50 cts. Sent by mail on receipt of price. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

NO PROSPECT OF CURRENCY REFORM

MR. DALZELL DOES NOT THINK IT NECESSARY.

Money is Now Plentiful and as Good as the Business Men of the County Desire—Any Attempted Change Would Arouse Dangerous Disputation.

It is not probable that the efforts of H. C. Payne, of this state, and H. H. Hanna, of Indiana, to convene congress in extra session for the purpose of "reforming the currency" will succeed. Congressman Dalzell, of Pennsylvania, one of the members of the committee on rules, and a close friend of Speaker Reed, does not believe an extra session will be desirable. When asked if there would be any currency legislation Mr. Dalzell said pointedly: "What is the need of it? We have an abundant revenue, and as long as that is the case there is nothing the matter with our currency. I do not think there will be anything done on the subject at the coming session. The future depends upon circumstances and how we find ourselves situated. There may be some currency legislation during the fifty-sixth congress, but how broad and general it will be I cannot say. I do not think the country would suffer if there were none. The people have no question about our money as long as our revenues are all right. Some of our people are talking of our currency legislation, but there are as many different views as there are members. I do not see any need for an extra session to legislate about the Philippines. I think it would be just as well to let that matter lie for a while. We should have time to study the situation and to determine what sort of legislation is needed. We can run along with a military government until the conditions are thoroughly understood. It will be time enough to deal with that question when the fifty-sixth congress meets in regular session."

Constipation prevents the body from ridding itself of waste matter. De Witt's Little Early Risers will remove the trouble, and cure sick headache, biliousness, inactive liver and clear the complexion. Small, sugar coated, don't gripe or cause nausea. People's Drug Co., Corner Main and Milwaukee St.

DANCERS ARE NOT LACKING

Not Less Than Twenty Already On the Schedule This Winter.

It is doubtful if any city in the entire west of Janesville can boast of more dancing parties at the present writing.

The town has gone dance crazy, and local musicians find it impossible to supply the demand here.

Not less than twenty dancing parties are already scheduled for the Armory, Columbia, Concordia and East Side Odd Fellows' halls.

Four masquerades are on the tapis and many more are coming.

Tossed High In the Air

Stove prices have been advanced by manufacturers of late to a marked degree, whether because the big makers have formed a trust or the price of raw material is higher we don't know. We haven't time to investigate. But we do know that prices to retailers have been advanced.

There will be no raise in our prices. We bought early and bought plenty, and the good patrons of this good store get the benefit. The interests of the trade are always at heart with LOWELL.

THE DAILY GAZETTE.

Entered at the postoffice at Janesville, Wis., as second class matter.

STORY OF CONGRESSMAN COOPER.

The Milwaukee Telegraph prints the following article: A writer for the New York Sun knew Congressman Cooper several years before the republicans of the first district picked him out as their standard bearer in congress. He writes, happily, as follows, on reading of his recent nomination:

"Hal" Cooper, of Racine, Wis., was renominated as a representative in the lower house of congress the other day. His re-election is conceded. His next will be his fourth term. They call him "Hal" in his district. His name is Henry Allen Cooper.

Twelve years ago in Racine one end of the town was burning. It was believed the whole town would be destroyed. The fire department was unable to master the situation and Chicago had sent up assistance. The fire started at 2 o'clock in the morning. The citizens had help the department until the Chicago helped arrived. Out of the heat and soot of the fire came a greasy, blackened young man who had done his share in fighting the fiend. He was one of the regular boarders at the hotel where the writer was a transient guest. The young volunteer fireman sat down before a piano in the parlor while breakfast was being prepared. The room was quickly filled with people, who listened to the playing and the singing of the smoked individual who, notwithstanding his appearance, showed skill as a musician. He was "Hal" Cooper.

"He's a lawyer here," said the mayor of the town, "and if he doesn't make any breaks he's liable to be president of the United States. He can tell a story quicker than Lincoln. He can hold a crowd longer than any speaker I know of. He never forgets a face or a name. And you've heard him play? Well, what more do you want? And we've never had a president who could play on a piano, and you watch and see if Wisconsin doesn't furnish the first."

Six years ago Mr. Cooper was nominated and elected to represent his district in the lower house of congress. He has served three terms. He has been honored by the speaker by being placed on important committees. Mr. Cooper was graduated at the Northwestern University in 1873.

DOING VERY WELL.

The theory advanced by advocates of the protective policy that imports would respond to the improved conditions of business in the country is being realized. There was an increase of \$9,000,000 on imports of foreign merchandise for August, 1898, over the imports for the August of the preceding year. Our exports were but \$4,000,000 larger in August this year than in the same month of last year. This was an element in the calculation upon which the efficiency of the Dingley tariff as a revenue measure was based. The first effect of an increase in duties was to check importations, but the greater prosperity resulting from a revival of business enables the people to become more liberal purchasers of both home and foreign goods. A feature of the trade report for August was the gain in the exports of manufactured goods. There was a falling off in the exports of grain, but the increase in the exports of manufactured goods made up this loss and placed \$4,000,000 to the credit of

the trade balance. The receipts of the New York Custom House were \$11,000,000 for August, against \$11,000,000 for August, 1897. The credit balance for the eight months of the present year is \$250,000,000 greater than for the corresponding period in 1897.—San Francisco "Bulletin."

DUMB COUPLE WERE BEFORE THE COURT

CHARLES HUFF AGREES TO SUPPORT WIFE.

On Motion of District Attorney Jackson the Case Against the Defendant Was Dropped—Mrs. Huff Says That She is Satisfied if Huff Will Contribute to Her Support.

When the case of the state of Wisconsin vs. Charles W. Huff was called in the municipal court this morning, Judge Fifield dismissed it on motion of District Attorney Jackson. The complaining witness was Minnie Huff, his wife, and according to her story Charlie has not been true to her, but has instead bestowed his winsome smile on other women.

Mrs. Huff is deaf and dumb, and her husband is afflicted in the same way to such an extent that he has difficulty in making himself understood.

Just how to try this peculiar case has been a problem that has caused the interested attorneys no end of trouble. District Attorney Jackson was not familiar with sign language, and had the case been tried it was intended to have had an interpreter to do the talking between the court and the interested parties.

Mrs. Huff in her complaint alleged that they were married in the town of Milton, in 1894, and that on the first day of October, 1898, the said Charles Huff left his home with the intention of leaving his wife home after her own welfare. This Mrs. Huff didn't propose to do, and she lost no time in having her Charlie placed in jail.

Mr. Huff, who is a cigar maker, has promised to give his wife each week a certain sum of money that will be sufficient to enable her to live. She then promised not to prosecute her husband and the case was dismissed.

EVERYBODY MUST LAUGH

Prospect of a Merry Time at the Opera House on Tuesday Night.

George H. Broadhurst's newest farce, "Why Smith Left Home," will be the mirthful offering at the Myers Grand Tuesday, Nov. 22. It is said to be a very ambitious effort in the way of farce comedy. The action all takes place in one house in one day but unlike the same author's "What Happened to Jones" it does not take place in one room. Two elaborate scenes will be used in the presentation of "Smith." They are the work of Henry Hoyt, the famous artist of Daly's Theatre, New York. Of the several farces author Broadhurst has written it is

MACLEYN ARBUCKLE.

said that "Why Smith Left Home" will prove the most skillfully constructed and most taking. It is sure to receive a cordial welcome in the hands of theatregoers. The first pronounced success achieved by this clever dramatist was "The Wrong Mr. Wright," which he wrote for Roland Reed. The amusing loving public did not, however, begin to take any great interest in Broadhurst until he had written and produced his last season's success "What Happened to Jones." The following appended cast shows that the company is composed of well known and capable players: Maclyn Arbuckle, Fred Peters, Harry Webster, M. B. Snyder, Harry Rose, Maurice Darcy, Marion Giroux, Annie Yeamans, Rose Snyder, Jessie Conant, Dorothy Usner, Gertrude Roosevelt and Blanche Chapman.

A Happy Thought.
er Below Par Railroad—Let you to some more of the First Director—No, thank you, all I can spend without attraction. Treasurer—Permit me Second Director—No, No! I can't carry another. Pockets all bursting now. Same with all the others. Treasurer (in reply)—What shall I do with all this? It's ten times too much for the sinking fund. First Director (after deep meditation)—By Jove! I have it. Let's declare a dividend.

A Watch on Hurricanes.
Much interest is expressed in the project of the weather bureau to establish a set of ten or more stations in the Caribbean Sea. The central station will be in either Jamaica or Cuba, and the series will extend as far as the coast of South America. The fierce hurricanes that sweep up the Atlantic coast along the gulf stream originate in the neighborhood of the West Indies, and it is expected that these new stations will prove most effective sentinel posts to forewarn mariners.

Largest Cannon in the World.
The largest cannon in the world was taken by the British when India was conquered. The cannon was cast about the year 1500, and was the work of a chief named Chuleby Koomy Khan, of Ahmednugger. The inside of the gun is fitted up with seats, and is a favorite place for British officers to go for a quiet noon-day smoke.

The Slums of Madrid.
Madrid abounds in slums, which are even greater eyesores than those of Whitechapel. There are labyrinths of narrow old streets, bordered by the most uninviting hovels, and from the squalor of these abodes spring the components of ferocious mobs which are the bane of the city.

Paris Sewage Farm.
The sewage of the city of Paris is now being used to irrigate an immense farm of nearly four square miles' area. It has proved such a benefit to the land that farmers in the vicinity, who opposed it, are now anxious to arrange to receive sewage on their own farms.

The Two Sides of a Face.
The German biologist says that the two sides of a face are never alike; in two cases out of five the eyes are out of line; one eye is stronger than the other in seven persons out of ten, and the right ear is generally higher than the left.

A Venerable Piece of Furniture.
What is probably the most venerable piece of furniture in existence is now in the British museum. It is the throne of Queen Hatshe, who reigned in the Nile valley some 1,600 years before Christ.

How to Get Strong

A system which has become run down by the trying weather of the past summer is not in a condition to meet the severe winter of this climate and will easily fall a prey to disease unless a proper tonic is used.

Dr. Williams' Pink Pills for Pale People are the best medicine in the world for building up and strengthening an enervated system.

Do not confuse these pills with ordinary purgative pills. They do NOT act on the bowels, thereby further weakening the body. They build up the blood and strengthen the nerves.

Major A. C. Bishop, of 715 Third ave., Detroit, Mich., is a well known civil engineer. He says: "When I had my last spell of sickness and came out of the hospital I was a sorry sight. I could not regain my strength, and could not walk over a block for several weeks. I noticed some articles in the newspapers regarding Dr. Williams' Pink Pills for Pale People, which convinced me that they were worth trying and I bought two boxes. I did not take them for my complexion but for strength. After using them I felt better, and know they did me worlds of good. I am pleased to recommend them to invalids who need a tonic or to build up a shattered constitution."—*Detroit Free Press.*

The great success of Dr. Williams' Pink Pills for Pale People has led to many attempts at imitation and substitution. The genuine are always sold in packages like this, the wrapper being printed in red ink on white paper. At all druggists or direct from the Dr. Williams Medicine Co., Schenectady, N.Y., 50 cents per box.

Three to two, Favorite Base Burners have three hot air flues. Other stoves have but two. Never noticed the flues? Most people haven't. Flues carry the heat from the fire pot around the stove. In a three-flue stove (the Favorite) two flues carry the heat down the outer edges of back and around the extreme outer edges of base to the front of the stove. Here they unite and return across the center of base and up the center of back.

Three flues on the back of stove, three flues on the base of stove.

Every inch of the stove a positive heating surface.

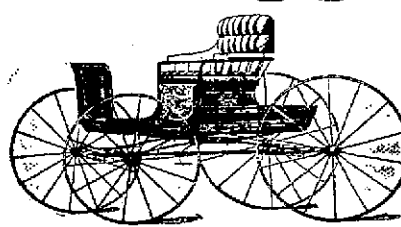

A two-flue stove has but one flue down and one flue up.

The three-flue arrangement spreads the heat to the extreme outer surfaces of the back and of the base.

The more heating surface you have the less coal you waste.

The Best Reason.

A little three-year-old girl went to a children's party. On her return she said to her parents: "At the party a little girl fell off a chair. All the other girls laughed, but I didn't." "Well, why didn't you laugh?" "Cause I was the one that fell off."
